

**LIST OF AGREEMENTS TO BE SIGNED DURING MINISTER FREDERIQUE VIDAL'S
VISIT TO SINGAPORE**

21st-23rd JANUARY 2018

Agreement between French National Center for Scientific Research (CNRS), Thalès and Nanyang Technological University (NTU) for the renewal of the CINTRA joint laboratory

CNRS, Thalès and NTU agreed on the renewal of the CINTRA joint laboratory (CNRS International NTU THALES Research Alliance) which develops innovations in nanotechnologies for nanoelectronic and nanophotonic.

Agreement between French National Center for Scientific Research (CNRS), Sorbonne University, University of Nice, Nanyang Technological University (NTU) and National University of Singapore (NUS) for the renewal of the MajuLab joint laboratory

CNRS, Sorbonne University, University of Nice, NTU and NUS agreed on the renewal of the MajuLab joint laboratory on quantum physics and computation.

Agreement for scientific cooperation between French Technological Research Institute (IRT) SystemX and Nanyang Technological University (NTU) on the ASV project (Autonomous Vehicle Simulation and Validation)

SystemX and NTU are willing to pursue their collaboration and agree for a collaboration on the Scientific & Technological Research project ASV (Autonomous Vehicle Simulation and Validation). This project aims to meet the challenge posed by the complexity of the safety demonstration of the autonomous vehicle through the use of digital simulation.

Memorandum of Understanding (MoU) between Nanyang Technological University (NTU) and University Côte d'Azur

NTU and University Côte d'Azur are desirous to pursue and promote joint research and development activities of mutual interest. This MoU sets forth the parties' intentions to collaborate on projects or programs on smart cities.

Letter of Intent between Center for Research and Interdisciplinarity, Paris-Descartes University and National University of Singapore (NUS)'s University Scholars Programme
